

A Place to Play: Exploring Pickleball Potential

An Evaluation of Site Feasibility, Community Benefits, and Local Impact of Pickleball Courts in Ephrata Borough

The three sites selected for evaluation for pickleball use are identified below with a sketch overlay that shows how they might be developed with pickleball courts and amenities for use by the Ephrata Borough community. Once a final site is selected, further planning and design will be done to best integrate the proposed pickleball court improvements into the existing site conditions.
